

The music and educational messages on K-Love radio station has had a very important impact on my life and many others in my community. I know that K-Love has donated an incredible amount of air time to local organizations that could not otherwise afford to have their events broadcasted on other local radio stations. If K-love was to be replaced by an LPFM broadcaster providing other programming, I beleive it would have a negative impact on my community. Not only do I listen to K-love during 90% of my drive time, I listen to K-love all day long in my office. K-Love radio is a very important part of my life and a large void would be left if it were to be replaced.
